COURSE OVERVIEW

The Bachelor of Education (Primary) is a pre-service teacher education program, designed to meet the Graduate Teacher Standards Descriptors (GTSDs) – professional knowledge, professional practice and professional engagement – at the undergraduate teacher level. It equips students for provisional registration as generalist teachers for all primary school year levels. It provides a core of pedagogy in each of the Key Learning Areas (KLAs) and professional experience. In addition to developing general skills in critical thinking, problem-solving, teamwork, and communication, the graduates will be equipped with theoretical knowledge in curriculum development and pedagogy, as well as skills in education areas, to equip them for classroom teaching.

The purpose of this AQF Level 7 Bachelor coursework program is to integrate a well-developed foundation in educational knowledge, with a coherent theoretical understanding and professional experience framed within a Christian ethic of caring for their neighbour. In this sense, the BEd (Primary) acts as an integrated environment for the preparation of students who wish to develop skills for a diverse range of educational applications. This can also take them on to postgraduate study in a selected area of practice.

The course builds on the College’s established expertise in producing graduates who embody integrity, professional knowledge, and social skills, making a positive contribution to society. It develops the professional skills necessary to teach the full range of the primary curriculum and

Work Integrated Learning

Work-Integrated Learning may be undertaken through the School Professional Placement. These subjects seek to create a direct linkage between the learning, skills and values engaged in lectures, and the reflection which occurs when these are applied in real-life settings. These work-based training subjects comprise of instruction, academic assessment and a placement in a workplace for each subject. Organisation and placement will be conducted by the AC Professional Experience Coordinator.

To qualify for the award of the degree of Bachelor of Education (Primary), TES will complete 90 days of professional experience across the course. TES will also participate in 10 observation days in Year 1.

If a teacher education student has gained employment as a teacher's aide (TA), they may apply for recognised prior learning or advanced standing. See the School of Education Guide for details regarding this process.
