	Entry Requirements	https://www.ac.edu.au/awards/diploma-business-and-diploma-entrepreneurship/

COURSE OVERVIEW

The Diploma of Business and Diploma of Entrepreneurship is a double diploma arrangement that leads to two separate awards in the minimum possible time. These courses of study are designed to produce graduates who can apply integrated technical and theoretical concepts in a broad range of contexts from a Christian worldview, as well as embody integrity, professional knowledge and social skills, making a positive contribution to society.

AC is committed to providing academic pathways for students. These courses of study allow flexibility for students who may wish to start with a short undergraduate course before committing to one of AC's bachelor degrees.

Course Learning Outcomes

Graduates will be able to demonstrate:
• General understanding of key issues, recent scholarship and practices within the discipline areas of entrepreneurship and business, consistent with a Christian worldview;
• Depth of understanding of practical fieldwork.
• Technical and theoretical understanding of basic research principles and methods, and knowledge of research approaches used in the discipline areas of entrepreneurship and business.
Graduates will be able to demonstrate the ability to:
• Identify, analyse and synthesise theoretical knowledge in the discipline areas of entrepreneurship and business;
• Examine a complex problem or presenting issues using appropriate business and entrepreneurship methodologies and theories;
• Communicate technical and creative skills to express business ideas and perspectives;
• Communicate effectively and creatively ideas and perspectives on key issues, recent scholarship and practices in business and entrepreneurship to peers and general audiences in diverse contexts
• Apply theoretical and technical knowledge and skills acquired within the specialist area of business in a range of professional contexts to develop appropriate solutions to entrepreneurship issues;
• Work independently, responsibly and with the level expected in a broad range of professional, business, and entrepreneurship contexts;
• Collaborate in team projects to make a positive contribution toward social issues;
• Undertake self-reflection and evaluation of performance for the purpose of vocational development.

Work Integrated Learning

Work-Integrated Learning may be undertaken through various Professional Practice and Professional Experience subjects at AC. These subjects seek to create a direct linkage between the learning, skills and values engaged in lectures, and the reflection which occurs when these are applied in real-life settings. These work-based training subjects comprise of instruction, academic assessment and a placement in a workplace for each subject.

To qualify for this course, a candidate will complete at least 2 subjects (20 credit points) of Professional Practice. Students are usually required to find their own workplace/ employer/ mentor to be approved by AC. In some cases, a new aspect within a student's current paid employment may be suitable as a work placement.

For further information related to Work-Integrated Learning please see the Professional Practice Handbook on Moodle or contact our [Student Support](#) team.
